A WRECK KILLS NINE

ACCOMMODATION TRAIN RUNS
INTO A WYOMING WASHOUT.

THIRTEEN HURT

Railroad Bridge Goes Out, and With
Snow Storm Hinders Relief Efforts.
Most of the Men Killed Were Work-
men for Railroad Company.

Casper, Wyo., Mar. 26.—Last night at 1:30 an accommodation train on the Chicago and Northwestern's new branch west of here ran into a washout 26 miles west of here, killing 9 persons and injuring 13 others. About the same time the middle span of the railroad bridge across the Platte near here went out. A great force of men were put to work and the bridge was repaired this morning. Superintendent Cortillon and three doctors secured a hand-car and started for the scene of the wreck. A severe snow storm came up, and after going six miles the hand-car was blocked. They telegraphed back to Casper, and teams were rushed to the point in which the physicians reached the wreck. Most of those killed were in the caboose. The caboose sank down deep in the mud and a water-car plunged into the caboose, crushing it like an egg shell. Most of the men killed and injured were workmen being forwarded to grading camps on the road.

Another Report.

Cheyenne, Wyo., Mar. 26.—It is reported here that nine persons were killed and twelve injured in a passenger wreck on the Chicago and Northwestern thirty miles west of Casper. The wreck is believed to have been caused by a washout and the train is said to have overturned. The railroad bridge at Casper is reported washed out so that no relief train could be sent from there to the scene of the wreck.

AFTER THE RAILROADS.

Two or More May Be Thrown Into a
Receivership by Hadley.

Kansas City, Mar. 26.—The Journal says: "Two or more railroads may be thrown into a receivership by the proceedings to be instituted by Attorney General Hadley, after ending his fight against the Standard. He has chosen the railroads owning parallel and erstwhile competing lines which have violated the constitution in Missouri by combining. Principal among the lines to be attacked are the Burlington, which owns the Quincy, Omaha and Kansas City, and the Frisco which owns the Kansas City, Clinton and Springfield. The Rock Island and the Chicago and Alton, which parallel each other in Missouri and the Missouri Pacific and Washburn, both Gould properties, and parallel, may be proceeded against."

John W. Rhea Sells Lots.

John W. Rhea has sold his lots on Richardson avenue, between Sixth and Seventh streets to W. A. Johnson and Pat Murphy, both of the Roswell Hardware Co. The new owners have set out trees and are preparing the lots for residences.

MEXICAN CUT-THROAT.

Jealousy Causes Him to Kill Two Women.

Runcos, Tex., Mar. 26.—Near Coochee, eight miles south of here, a Mexican named Ramon overtook a vehicle containing two young women, daughters of Alex M. Henry, a well-to-do ranchman, and a little boy, yesterday. Ramon climbed into the rear of the buggy and cut the throat of one of the women, causing instant death. The horse became frightened

and began to run whereupon Ramon drew a revolver, placing the muzzle at the back of the other woman's head and killed her also. Jealousy was the cause. Officers are searching for Ramon.

REID ON HIS APPOINTMENT.

Has Received No Official Announcement from the Governor.

When asked what he knew about his appointment as attorney general of New Mexico, this morning Capt. W. C. Reid said: "I have heard nothing new, nothing that the public does not already know. At first it was the intention of the present attorney general, Mr. Prichard, to resign April 1. Now he wants to resign June 1. I do not know what the Governor will do about that. As I have many duties to attend to, it would suit me better to wait until June 1 to take up the office. When the appointment is made, I will be in Santa Fe much of the time, practically all the time, but will not move my family there. Roswell will continue to be my home."

TOM PRIDEMORE IS HERE.

Sheriff Woodruff Returns From Mexico With Prisoner.

Sheriff K. S. Woodruff returned on Sunday morning from Juarez, Mexico, with Tom Pridemore, who is charged with embezzlement and with being in a conspiracy with Lee Bivins and R. A. Morris to embezzle 973 head of cattle from El Capitan Land and Cattle Company. He hopes to give the \$4,000 bond that is required and was working to that end today.

When asked about the case Mr. Pridemore said: "I have nothing to say at the present time, as I don't want to try the case in the newspapers. At some later time I will give a full statement. However, I will say that I am not guilty of any wrongdoing."

Druggists Must Register.

The present pharmacy law requires examination by some member of the Board in the interim between examinations held by the Board. Mr. G. S. Moore having been appointed a member of the Board of Pharmacy by Governor Hagerman, will have jurisdiction over the whole of the Pecos Valley, and the neighboring territory. All druggists who are at present compounding physicians' prescriptions, selling poisons, acting as managers for drug stores where prescriptions and poisons are sold, must register. Credentials of no kind are accepted as evidence for registration. Every applicant must pass a primary examination before some member of the Board, who will issue him, through the Secretary, a temporary certificate, good until the next session of the Board, when said applicant must come up for examination, as temporary certificates are not renewable, and all violations of the law will be promptly prosecuted.

Fire at Grand Central.

Every guest at the Grand Central was called at 6:15 Sunday morning, although some had left calls for seven, eight or nine o'clock. The cause of the early call was the explosion of a gasoline coffee urn in the kitchen. The fire spread until it covered the entire interior of the kitchen, but was finally extinguished by the employees. When the explosion occurred, John Otis, a cook, was standing near the urn, and was severely but not dangerously burned.

The fire department made a quick run and coupling, but their services were not needed.

The town base ball team will play the first team at the Institute on the Institute grounds tomorrow afternoon at three o'clock. Everybody is invited.

CURRY IS SAFE

NEW MEXICO MAN ESCAPES AND
WINS GLORIOUS VICTORY.

THE OFFICIAL ACCOUNT

Pulajanes Were About to Surrender
When They Made a Treacherous
Attack—Curry and Other Ameri-
cans Had a Narrow Escape.

Manila, P. I., Mar. 26.—Governor Curry is safe and well, but particulars of his rescue are not available at this hour. General Buchanan, commanding the department of the Visayas, has left for Catbalogan, capital of the island of Samar, to lend the aid of the Federal government to the insular authorities if desirable. Small detachments of Federal troops are now assisting the constabulary in pursuit of the fugitive Pulajanes.

Governor Curry in his report of the recent engagement with the Pulajanes at Magtaon says: "We had a hard fight in which Capt. Jones of the constabulary lost half his command, gaining a magnificent victory in the face of overwhelming odds. The Pulajanes under a flag of truce opened fire. The leader of the Pulajanes ordered his men to first wipe out the constabulary and then capture myself and other Americans. I have requested the sending of a company of Federal troops, and will prepare to wage a war of extermination against the fugitives. The constabulary did splendidly, though their inferior arms which were minus bayonets, placed them at a disadvantage. The natives of Samar, with the exception of the Pulajanes, are in sympathy with us and assisting. All American citizens are safe."

Official Account Received.

Washington, Mar. 26.—The official account of the fight with Pulajanes on the island of Samar was received at the war department today from Governor General Ide as follows: Saturday morning, Mar. 24, Governor Curry had arranged to receive the surrender of the remaining Pulajanes and their leaders at Magtaon, island of Samar. The leaders and 100 Pulajanes, with 14 guns, presented themselves. Immediately before the surrender was to occur, the Pulajane leader signaled and all made a bold rush. Judge Lobiner and the district school inspector escaped in one direction and Governor Curry in another, swimming the river and escaping in the bushes. Other Americans are safe. The constabulary lost 16 killed, wounded and missing and some guns were lost. Thirty Pulajanes have been buried. Governor Curry was lost for thirty-six hours.

ROCKEFELLER IS SO SHY.

Willing to Answer Questions Only at
His Own Fireside.

New York, Mar. 26.—John D. Archbold, vice president of the Standard Oil Company, testified today in the ouster proceedings brought against the Standard Oil Company by the state of Missouri. He said that John D. Rockefeller knows nothing about the matters involved in this suit. "He dislikes very much all notoriety and cartooning," said Archbold. "If the Attorney General wants to go to Lakewood and question him, I am sure he will find Mr. Rockefeller willing to answer any questions."

"There is only one place to examine witnesses," interrupted Hadley. "only one way."

Archbold was asked who was the active head of the Standard Oil Company. "There is no master mind in Standard Oil," he replied. "It is made up of an aggregation of individuals." Attorney General Hadley asked con-

cerning the men who composed the board of directors of the Company under the original trust agreement. "John D. Rockefeller, Charles Pratt, William E. Worden, H. H. Brewster, J. A. Bostwick, O. H. Payne and myself," the witness replied.

Wade Hampton also testified in the case today that as general auditor of the Standard Oil Company he sent from his office to St. Louis men to audit the accounts of the Waters-Pierce Oil Company. During the time the audit was being made he said the men were in the pay of the Waters-Pierce Company.

TRAINS TO MEET HERE.

Important Change in the Time Table,
Effective Tuesday.

The P. V. and N. E. railroad has made a change in its time table by which the afternoon train from the north will reach Roswell five hours earlier than heretofore. It will meet the morning train here at 9:50, local time. The change is effective Tuesday. The mail will arrive much earlier and passengers from the north will have the day before them on arrival; but on the other hand, the people from down the Valley will have to spend 24 hours here when they come, and that may keep some away. The change will not affect connections at Carlsbad or Amarillo.

The remains are being held at the Ullery mortuary awaiting instructions from relatives.

Fraud in Connection With the Fail-
ure of the Enterprise National Bank.
A Conference on Statehood.

Ralston, Charles Messener and Edward T. McMillan, former clerks in the bank, were arrested on charges of conspiracy to defraud, on information made by Special Bank Examiner Edward P. Moxey.

Conference on Statehood.

Washington, Mar. 26.—The senate and house conferees on the statehood bill held their first meeting today. The result was an agreement on one of the minor amendments. The real question as to the admission of Arizona and New Mexico was not discussed, it being tacitly agreed that all minor matters should be first disposed of. The next meeting will occur Wednesday.

Agree on Free Alcohol.

Washington, Mar. 26.—The free alcohol sub-committee of the House Committee on Ways and Means today agreed to report the free alcohol bill to the full committee on Wednesday next. The feature of the bill is that it takes the internal revenue tax off domestic alcohol for technical uses, including lighting, heating and motor uses. It is predicted that the effect of the bill will be a revolution in heating, lighting and furnishing fuel for motors, as alcohol is cheaper than kerosene or gasoline and can be made from any grain, root or fruit containing starch.

Agreement at Algieras.

Washington, Mar. 26.—A cablegram was received at the state department today from Ambassador White stating that the Algieras conference had practically reported an agreement upon the question of policing Morocco, which was the most difficult issue before the conference.

"PROCLAMATION" A FAKE.

Governor of Idaho Made No Proposi-
tion to Allow Committee of Min-
ers to See Prisoners.

Boise, Idaho, Mar. 26.—Governor Gooding today received from New

York a telegram bearing the signature of John C. Chase, former mayor of Haverhill, Mass., stating that a committee representing a large number of labor unions would leave New York at once to hear the confession of Harry Orchard and Steve Adams. The New York labor leaders are supposed to be acting on the bogus pre-emption sent from here last week. The Governor has authorized no such proposition and no committee will be permitted to see Orchard or Adams.

FIRE FROM EXPLOSION.

Seven Buildings in New York Burn-
ing at Same Time.

New York, Mar. 26.—Many lives were in peril today when a six story factory building at Downing and Bedford streets caught fire from an explosion and collapsed in less than forty minutes. Several girls jumped from the windows and were caught in fire nets. Many others were rescued by ladders. Two three story tenements were partly crushed when the walls of the factory fell, but it is believed the occupants had been notified in time to escape. Four firemen were overcome by the smoke.

The flames spread until seven buildings were on fire at once. Fireman Dennis Healy was taken from the ruins and died later. Captain Walsh was reported missing, but later was found and taken to a hospital.

Tank Struck by Lightning.

During the shower Saturday evening lightning struck a galvanized tank near the house of R. W. (Oklahoma) Smith in the southwest part of town. The shock was carried through the water pipes to the house, and Mrs. Smith who was standing near the sink suffered a severe shock. The pipe to the barn carried the current to a box of manure that was packed about the pipe, tearing the box to pieces and setting fire to the manure. Mr. Smith saw the fire in time to save the building.

The delivery team of the Star Market gave an exhibition run on North Main street at two o'clock this afternoon. No serious damage.

George M. Slaughter, Lon Cottingham and Frank Divers returned Sunday evening from the cattlemen's convention at Dallas.

The Presbyterian church was crowded last night when Col. French, of San Francisco, commander of the Salvation Army in the Western division, spoke on "Profit and Loss" as a theme of immortality. Col. French lectures tonight at the Southern M. E. church.

Winifred Dominguez was tried before a jury in Justice Bailey's court Saturday afternoon on the charge of stealing a revolver from the store of J. F. Patterson. The hearing resulted in a hung jury. The case will be retried.

Judkins, who has been here for six months as assistant operator in the office of the Western Union Telegraph Co., left this morning for Bowie, Tex., where she will visit until April 1, when she will take charge of the office at Quanah until June when she will go to California.
